

Adobe Spark for Education

Create beautiful graphics, web pages, and video stories in minutes

Insight 

Engage your students and drive creativity in the classroom for FREE with Adobe Spark for Education.

Adobe Spark is the simple yet powerful creativity and storytelling tool available free to schools and institutions. It empowers students of all grades to create high-quality, visually compelling graphics, presentations, and short videos.

Beautiful typography

Choose from a variety of free professionally designed fonts and for every occasion.

Iconic imagery

Select from thousands of photos on the web or pick from your personal collections on Adobe Creative Cloud, Lightroom CC, Dropbox or Google Photos.

Professional themes

Explore our wide variety of best-in-class layouts, colors, and fonts. Easily tweak them with the text, photos, and icons that best fit your needs.

Make an impact

Watch your published creations make an impact as they receive views and likes from your audiences.

Share everywhere

Make your ideas come to life, then share your story via social media or email. Impress your friends or the world.

Mobile and web

Projects are automatically synced across the web or the iOS apps so you can work whenever inspiration strikes.

Why students and teachers choose Adobe Spark

Inspiration for everyone

We make a lot of templates. Use them as a starting point for an assignment or as personal inspiration.

Fast, fun creation

Spark is easy peasy. Pick a design theme that speaks to you, drop in photos here and there, add your text, and you're done!

Easy to follow lessons

You deserve more sleep. Meet curricular objectives with our step-by-step lessons and add creativity in the classroom so you're not up at night making lesson plans.

Sharing with confidence

No need to look over your shoulder. Spark enables students and teachers to safely share projects with each other without worries.

Key features for students:

- **All-in-one storytelling app:** Stand out by creating stunning research papers, writing assignments, graphics, posters, videos, narrated stories, presentations, reports, and so much more.
- **Fast, fun creation:** Spark is easy for everyone to use, whether they're children or adults, and requires no design training.
- **In the classroom and on the go:** Students can use Spark on a computer, Chromebook, or mobile device. All projects sync to the cloud for easy access.
- **Classroom collaboration:** Students can now invite others to work with them on projects and easily tag-team to make edits.
- **Built-in inspiration:** Spark includes thousands of templates to use as starting points for assignments or as personal inspiration.

Key features for teachers:

- **All-in-one storytelling app:** Stand out by creating stunning research papers, writing assignments, graphics, posters
- **Easy-to-follow lesson plans:** Ignite creativity in your classroom and meet curricular objectives with our free step-by-step teaching resources at <https://edex.adobe.com/spark>
- **Student engagement:** Kids have so much fun using Spark they won't realize how much they're learning!
- **Streamlined communications:** Easily create parent newsletters, event announcements, classroom posters, Twitter/social media graphics, classroom update videos, and more.

Key features for IT:

- **For all ages:** Spark can be used in accordance with COPPA and similar EU laws, with parent consent.
- **Works with existing logins:** Students and teachers use existing logins, so there are no additional accounts to manage or passwords to forget.
- **Control:** Your school or college's IT team manages and controls Spark access and data.
- **Free for schools:** Spark usually costs US\$9.99/month/user, but Spark for Education is free for schools and institutions

Get Adobe Spark exclusively for schools

Available to all ages. Can be used consistent with COPPA and similar EU laws if you obtain parent consent.

Students and teachers use existing logins. No additional accounts to manage or passwords to forget.

Your school/college manages and controls Spark access and data.
